

## ABOUT ME

---

I am a final year Ph.D. scholar completing my doctoral research at Indian Institute of Technology Madras. My research is in the area of quantum error correction codes. More specifically, my work focuses on reducing the communication cost for secret recovery in quantum secret sharing schemes. In the past, I also worked on problems in compressed sensing, image processing and distributed storage codes. I am currently looking for a research position in academia or industry to work on quantum error correction and related topics.

## RESEARCH INTERESTS

---

Classical and quantum error correction codes, information theory, distributed storage and signal processing

## EDUCATION

---

## PRESENTATIONS

---

- Presentation at AQIS 2018, Nagoya, Japan.
- Virtual presentation at IEEE ITW 2020, Riva del Garda, Italy.
- Poster at Indo-German Symposium on Quantum Science and Technologies 2020, IIT Madras, India.

## PROGRAMMING

---

I have good expertise in C and MATLAB. I also have some exposure to programming in C++ and assembly language.

## TEACHING EXPERIENCE

---

### Applied Linear Algebra I, Jul - Nov 2018

- One of four teaching assistants for a class of about 50 students.
- Conducted weekly tutorial sessions and discussed the solutions for problem sets.
- Evaluated video presentations by students on recent research articles.

### Information Theory (online mode), Jul - Nov 2022

- One of seven teaching assistants for a class of about 60 students.
- Conducted weekly tutorial sessions for a group of 10 students.
- Partly evaluated the mini-quiz and final exam papers.

I worked as teaching assistant also in courses such as Error Control Codes, Modern Coding Theory and Advanced Topics in Quantum Information during my Ph.D. programme.

## ACADEMIC SERVICES

---

### Paper reviews

- Reviewed a paper for IEEE Transactions on Information Theory in 2021.
- Reviewed three papers for National Conference on Communications in 2017, 2018 and 2019.
- Reviewed a paper for IEEE International Symposium on Information Theory 2014.

### Event management

- Partly organized the transportation of the speakers in Joint Telematics Group Summer School 2019 at IIT Madras.
- Helped with taking photographs in Electrical Engineering Symposium 2018 at IIT Madras.
